

Exchange

Remove on-premise mailbox properties from AD account

so make a list of users who are still not migrated keep their samaccount (login name)name in text file such has

```
jon  
Jim  
sara
```

and run against the list of users and clear their attributes

```
$users=Get-content c:\users.txt  
Foreach($user in $users){  
get-aduser $user| set-aduser -clear msExchMailboxGuid,msexchhomeservername,legacyexc  
hangedn,mail,mailnickname,msexchmailboxsecuritydescriptor,  
msexchpoliciesincluded,msexchrecipientdisplaytype,msexchrecipienttypedetails,msexchu  
mdtmfmap,msexchuseraccountcontrol,msexchversion  
}
```
